(Designation) President, District Board,

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir, through the Director of Public Instruction,

Madras.

I have the honour to state that the question of inadequate accommodation in the Board High School Harapanahalli having engaged attention during the past few years in view of the average increase of strength in the school, an estimate for an additional block of four rooms was prepared, scrutinized and approved by the Superintending Engineer for Rs. 1',600/-. The District Board has in its Resolution No. 4 dated 2 th June 1921 (copy enclosed) sanctioned the estimate allotting Rs. 600/- from the Board's funds, and proposing to apply to Government for

a grant of the remainder.

2. Owing to scanty expenditure on civil works in previous years the balance under general funds of the Board was unusually more than what was expected and this provision of Rs. 5000/- could therefor be made with some difficulty under this head in the budget estimate of 1921-22. It is impossible to find any more sum from the District Board funds and so I request you to be so good as to obtain the sanction of Government for a grant of Rs. 5600/- to make up the estimated amount. In ~~another portion~~ anticipation of the grant I am issuing instructions to start the work and to incur an expenditure up to Rs. 5000/-.

I have the honour to be,

Sir,

Your most obedient servant,

For President.

thro'

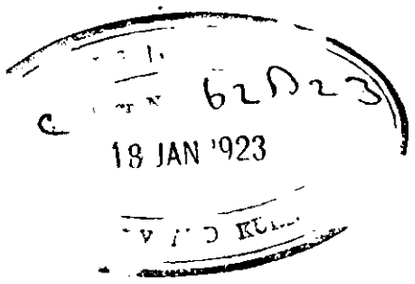
Sir, The Inspector of Schools,
Bellary and Kurnool.

I have the honour to forward herewith a revised estimate & plans the former amounting to Rs.18350/- for constructing an additional block of 5 rooms to the Board High School building at Harapanahalli and to request that you will be so good as to return it with your approval at an early date. As both the Head Master of the school and the Superintending Engineer III Circle have been consulted in its preparation I hope it fully satisfies the requirements of the Educational Department.

2. I would invite your kind attention to your letter No. 6931 of 1921 dated 15-9-21 and this office letter No. 1018 dated 17-11-21 in reply. As my predecessor held over the preparation of the plan pending his personal inspection, the issue of his instructions for the preparation of the estimate was delayed. This, coupled with the time taken up by the Engineering staff to prepare the estimate dragged the matter so long. Ever since I took charge I have been giving my personal attention to the matter.

3. The utter resourcelessness of this District Board obliges me to request you to recommend to Government the sanction of a grant for the purpose. The school which is in a flourishing condition will considerably suffer for want of additional accommodation which it is very badly in need of. The Inspector has been drawing the attention of the management time and again to this defect.

4. The plan and the estimate may be kindly returned after approval.



I have the honour to be,

Sir,

Your most obedient servant,

President.

To The Secretary to the Government of Madras,

Local Self Government Department.

Sir,

In submitting herewith the letters C R No. 1018 dated 2-7-21 and 15-1-23 of the President, District Board, Bellary, together with the plan and estimates for the extension of the Board High School, Harpanahalli, I have the honour to state as follows.

2. The President originally applied for a subsidy of Rs. 5600 and this has been included in Part II of the Budget Estimate of 1923-24. He has subsequently forwarded a revised estimate amounting to Rs. 18350 and requests that on account of the utter resourcelessness of the District Board, the estimated amount may be sanctioned as subsidy and that one half of the

32

amount may be sanctioned as advance so as to enable him to proceed with the work. The President was requested to state what proportion of the cost the Board would bear from its own funds or by raising a loan. In reply to this the President has reported that the Board is not in a position to bear any portion of the cost nor to raise a loan.

3. In these circumstances and in view of the fact that a sum of only Rs. 5600 was hypothecated to this school out of the provision of Rs. 1.5 lakhs made in the Budget Estimate of 1923-24 under "31 B (b) (iii) Education-Secondary-Grants to local bodies for secondary education-Subsidies for the construction of secondary school buildings" and in view of the fact that subsidies are sanctioned on the postpayment system I recommend that the President may be informed that his proposals cannot be entertained.

I have the honour to be,

Sir,

C No. 9681 Lon/23

Subject: Grant - Extensions - Boys Secondary School, Harapanahalli - Bellary

Please see the D.P.I's letter on pgs 31-32 C.F. For the reasons stated in para 3 of the letter he does not support the request of the D.B. Bellary for a full grant of Rs 18,350 for the proposed Extensions to the school building.

2. The President's application for a full grant is based on the plea of 'the resource-lessness of the D.B.' This plea is correct - vide para 17 of G.O. 519 Edn, dated 1-3-1923 and the annexure to the G.O. The need for the proposed Extensions has been explained by the President in para 3 of his letter on pg. 6 C.F. The D.I. Edn. Officer also points out the extreme urgency of the Extensions - pg. 6 C.F. In these circumstances it is for consideration whether the President's appe...
